

SWF Consent Form – Use of Images

In line with our Child Wellbeing & Protection Policy, Scottish Women's Football (SWF) will only use and publish photos of children under 18 where consent from a parent/guardian has been provided as per below extract from our Child Wellbeing & Protection Policy:

PERMISSION

Children and their parents/carers will be informed that the child may, from time to time, be photographed or filmed whilst participating in football. This could be for one of the following reasons:

- (i) Video footage for performance development*
- (ii) Media coverage of an event or achievement*
- (iii) Promotional purposes e.g. website or publication*

- *Written consent must be obtained from the child's parents/carers for children under 18 years old before any photography or filming takes place which can be captured on a Consent Form - U18 Players.*
- *This consent will also be used for any accredited or professional photographers taking and using images of U18 players within SWF.*
- *Special care must be taken in relation to vulnerable children e.g. child fleeing domestic violence or a child with a disability, and consideration given to whether publication or use of the photographs/film would place the child at risk.*

SWF are aware that a large number of clubs send SWF images directly and ask for these to be shared on our website and social media platforms. As per above policy, SWF now requires written consent before sharing these images. We therefore request that any clubs who wish SWF to publish images of Under 18's complete the below consent declaration confirming that they have written consent from all parents/guardians and that they consent to SWF sharing these images. Note – this form should be completed **once** per season by each club and it is the clubs responsibility to advise of any changes to consent following submission of completed form to SWF.
